

Hello, my name is May Offermans. I've been living at the Meidoorn with my wife and 4 children since 2010. It's a good neighborhood to live in, but it's very quiet and lacks meeting places for both young and old. It's nice to see how quickly we, as volunteers from the neighbourhoods Heer and Scharn, together with the municipality of Maastricht, get the chance to work on this park. Our garden is adjacent now to boring vacant football fields. Imagine how beautiful it will be when we turn this large site into a large park that we'll all be able to enjoy.
